### Product description:

Shine and repair

LOGONA Bio Argan Oil Shine Conditioner is specifically designed for the needs of brittle, damaged hair. The natural shine formula with bio argan, apricot and inca inchi oils as well as natural betaine gives the hair a silky shine, makes it feel soft and smooth and supports the natural hair structure. Precious natural oils provide easy manageability, smooth the hair and prevent brittle ends. The creamy texture gives the hair a relaxed feel without weighing it down.

## **Tips from Gabi Köberl:**

The argan tree grows in Morocco and Algeria. For centuries, its fruit has been used to extract argan oil, an exquisite beauty ingredient with more than 80% linoleic and oleic acid. The phytosterols contained in argan oil reveal an extraordinary composition and therefore provide extra-special support for the vital functions of the skin. Argan oil stimulates new cell generation whilst smoothing the skin and keeping it soft and supple. Its high content of antioxidants combats free radicals – a natural fountain of youth for the skin.
