\*from controlled organic cultivation

\*\*from natural essential oils

### Tips from Gabi Köberl:

Massage a peanut-sized amount (for medium-length hair) evenly into towel-dried hair ends and along the length of the hair if desired 1-2 times a week – no need to rinse out. Style your hair afterward as usual. For washing and optimal care supplements for your hair, we recommend the LOGONA system haircare shampoos as well as LOGONA special haircare products.

Special tip: Also suitable as an overnight intensive treatment for use on dry hair or a scalp treatment.
