\* from controlled organic cultivation

### Tips from Gabi Köberl:

Chamomile:

The delicate plant from the aster family has even won awards: it was crowned Germany's first medicinal plant of the year and also carries the title of Medicinal Plant of the Year in 2002. Camomile is not only beneficial as a tea, but is also a real treat for the skin: it is soothing, refining, anti-inflammatory and antiseptic and helps wounds to heal.
