[°] Demeter-certified commodity

* Certified organically grown

** Part of real essential oils

Tips from Gabi Köberl:

For daily use. Use twice a day. For day care: Apply to face and neck on slightly moist skin. gently massage into the skin and let it be absorbed.

Evening: apply the cleansing milk to the skin. The cleansing milk is rehydrating and protects the skin during the night. The skin needs to have the ability to breath at night. Sweat and slag are brought to the skin's surface without restrictions. As such, the skin remains healthy and retains its natural balance.
