

Natural Compact Powder 03 Warm Honey

Manufacturer: Sante
Order ID: 840374
Price: 9.69 €

Product description:

Who's that gorgeous goddess with the flawless complexion? Oh, it's you! Thanks to the perfect finish powder in your Sante powder compact, you can look your best at any moment of the day. Just slip this handy compact into your purse and touch up on the go. It's even gluten free, vegan and filled with lots of amazing botanical ingredients including chamomile and organic jojoba, how cool is that?

This amazing powder compact will be your very best friend who is always at your side to help you look your best. Unlike some friends, it won't talk behind your back or cancel plans at the last minute. You can count on your Sante Compact Powder to always be there and to enhance your beauty by giving you a flawless, transparent and soft-matte complexion.

Also, like a best friend, this compact is there to support you and protect you when you need it the most. It contains olive fruit oil and jojoba seed oil, which will moisturise and nourish your skin and chamomile extract which will protect your skin all day.

Go ahead and treat yourself to some high quality makeup that will do wonders for your skin and make you look amazing. Once you see what a gorgeous and flawless goddess you become when using this powder, you and your compact will be best friends forever.

*from controlled organic cultivation **natural essential oils

Tips from Gabi Köberl:

Apply to Sante Compact Powder after applying your Soft Cream Foundation. Wait until your foundation is properly absorbed and then carefully apply your pressed powder with a brush using gentle rounded movements. Don't apply too much powder, as this will hide your gorgeous natural skin tone. For a fresh and natural look that is so much trendier and more beautiful, let your face look natural and lightly apply a colour which is one shade lighter than your natural skin tone.
