

Glowlighter, 01 Gold

Manufacturer: Sante
Order ID: 840754
Price: 6.99 €

Product description:

Liquid highlighter for the face and body

Thanks to its creamy texture with vitamin E, organic grapefruit extract and organic aloe vera juice, the Glowlighter conjures up a natural, beautiful glow on the cheekbones, cupid's bow or brow bone. The nourishing formula can also be mixed with creams or lotions to create subtly shimmering and warm accents.

Ingredients:

Aqua (Water), Alcohol*, Aloe Barbadensis Leaf Juice*, Mica, Glycerin, Hydrogenated Starch Hydrolysate, Xanthan Gum, Galactoarabinan, Levulinic Acid, Sodium Levulinate, Tocopheryl Acetate, Sodium Lactate, Citric Acid, Glycine Soja (Soybean) Oil, Tin Oxide, Citrus Paradisi (Grapefruit) Fruit Extract*, PCA Ethyl Cocoyl Arginate, Parfum (Fragrance)**, Citronellol**, Linalool**, Limonene**, Geraniol**, CI 77891 (Titanium Dioxide), CI 77491 (Iron Oxides)

* certified organically grown ** from natural essential oils

Tips from Gabi Köberl:

For radiant accents: Use the highlighter individually to accentuate the features. Apply a small amount to the back of your hand and spread it carefully with your fingertips over the cheekbones, the bridge of the nose, cupid's bow, lips or under the eyebrows. Start with a small amount then apply more layer by layer until the perfect glow is achieved.

For days without make-up: Mix a drop of highlighter with your favourite day cream and add a shimmering highlight to your skincare routine.

For a sun-kissed look: Mix a drop of highlighter with your favourite body lotion and apply it to the collarbone.
