

Dental medical Mint toothpaste

Manufacturer: Sante
Order ID: 840301
Price: 3.99 €

Product description:

This fresh and minty toothpaste delivers a delicious and rejuvenating peppermint taste for fresh and clean breath. This high quality herbal botanical mint toothpaste cleans your teeth and protects them from stains and decay. It is also vegan, gluten free and fluoride free. Clean your teeth, the natural way!

Now you can keep your teeth and gums healthy and fresh, without having to use synthetic toothpastes. Sante toothpastes use gentle ingredients from nature so that you can be sure that you are only putting the finest botanical herbs and extracts in your body.

Sante Mint Toothpaste is designed to give your teeth an effective clean with simple and natural botanical ingredients. It is made with a clinically tested formula of active ingredients from nature including sage, xylitol and organic green tea extract. It also contains soft chalk, which works as a mildly abrasive agent and scrubs the bacteria and plaque away from the surface of the tooth enamel.

Last but definitely not least, this high quality herbal toothpaste contains peppermint oil which helps to give you fresh breath and gives the toothpaste a pleasant taste. Use it every day and your mouth will always be fresh, clean and healthy.

Ingredients:

Aqua (Water), Calcium Carbonate, Xylitol, Glycerin, Salvia Triloba (Sage) Leaf Oil*, Silica, Salvia Officinalis (Sage) Leaf Extract, Commiphora Abyssinica Resin Extract / Commiphora Abyssinica (Myrrh Extract), Aroma (Flavor), Disodium Cocoyl Glutamate, Sodium Cocoyl Glutamate, Mentha Piperita (Peppermint) Oil, Hectorite, Xanthan Gum, Algin, Maris Sal (Sea Salt), Bisabolol, Limonene, CI 77891 (Titanium Dioxide).

*certified organically grown

Tips from Gabi Köberl:

It is recommended that you brush your teeth at a frequency of at least twice per day, such as first thing in the morning when you wake up and right before you go to bed. You can also brush after meals as well if you prefer.

To use Sante Dental Medical Mint Toothpaste, rinse your toothbrush with a small amount of water and then apply the toothpaste. You only need a small amount, the size of a pea. With a short circular motion, scrub your teeth with the brush and ensure that each tooth is thoroughly cleaned on every surface. Don't forget to also scrub your tongue!
