

## Dental medical toothpaste Vitamin B12

Manufacturer: Sante  
Order ID: 842453  
Price: 6.39 €

### Product description:

This superb toothpaste will help you to fight against gingivitis and eliminate the bacteria that cause tooth decay. It contains sodium fluoride and vitamin B12, two important and powerful elements for your oral health. This toothpaste is great for vegetarians, vegans and elderly people who commonly suffer from a deficiency of vitamin B12. Try it today and you will love the excellent effects.

Are you looking for an alternative to the many other types of toothpaste out there, something more gentle, natural and organic perhaps? Why not try Sante Dental Medical Toothpaste with Vitamin B12?

This excellent herbal botanical toothpaste contains an active complex of natural ingredients such as xylitol and organic sage which will refresh, clean and protect your teeth and gums. This toothpaste was tested by dentists and also includes sodium fluoride as its active ingredient and peppermint oil for pleasant taste and fresh breath.

Many people who are vegan and vegetarian over their lifetimes suffer from a chronic lack of the essential vitamin B12 as most of the sources of this vitamin are animal-based. This vitamin is stored within the body and if its stores are not replenished regularly then the body will become deprived of it. This lack of vitamin B12 can lead to long term health problems so it is important that vegans, vegetarians and elderly people take regular B12 supplements.

When you use Sante Dental Medical Toothpaste with Vitamin B12, this important vitamin will be absorbed through the mucus membranes of the mouth and will reduce a vitamin B12 deficiency with regular use. Those who used it showed a 60% increase in vitamin B12 after only four weeks of application.

Give this gentle cleansing toothpaste a try today and see how fresh and clean your mouth will feel, while you nourish your body with the vitamins and nutrients that it needs.

## **Ingredients:**

Glycerin, Aqua (Water), Hydrated Silica, Maris Sal (Sea Salt), Xylitol, Disodium Cocoyl Glutamate, Sorium Cocoyl Glutamate, Algin, Salvia Officinalis (Sage) Leaf extract, Sodium Fluoride, Cuanocobalamin, Aroma (Flavor), Limonene, CI 77891 (Titanium Dioxide), Xanthan Gum.

## **Tips from Gabi Köberl:**

Brush your teeth a minimum of twice per day, in the morning and in the evening. Use a small pea sized amount of toothpaste and scrub each surface thoroughly including your tongue.
