

Calendula Body & Face Cream 30ml

Manufacturer: Weleda

Order ID: W6632

Price: 2.95 €

Product description:

Nourish and Protect Dry, Delicate Skin

Weleda Calendula Body Cream is a rich, protective cream for every day use that's made with soothing natural ingredients to deeply moisturize a baby's dry skin. Rich and moisturizing, it contains botanical ingredients that soothe and calm irritated, dry skin.

Organic calendula extract, grown in Weleda's own Biodynamic gardens in Germany, softens and wraps your child in a layer of warmth and protection, while anti-inflammatory organic chamomile extract calms and comforts. Essential fatty acids from sweet almond and sesame oils render delicate or chafing skin supple and smooth. Fairly traded beeswax protects the skin without impairing its natural barrier.

Ingredients:

Water (Aqua), Prunus Amygdalus Dulcis (Sweet Almond) Oil, Lanolin, Sesamum Indicum (Sesame) Seed Oil, Kaolin, Alcohol, Hydrolyzed Beeswax, Glyceryl Linoleate, Silica, Calendula Officinalis (Calendula) Flower Extract, Chamomilla Recutita Matricaria (Chamomile) Flower Extract, Fragrance (Parfum)*, Limonene*, Linalool*, Geraniol*, Citral*.

* from natural essential oils

Tips from Gabi Köberl:

Apply Calendula Body Cream daily or as needed on your baby's face and body for dry skin or irritation. It can also be used on your baby's bottom when changing diapers to help prevent diaper rash. If your baby does get a

diaper rash, use the Calendula Diaper Rash Cream until it subsides.
