Tips from Gabi Köberl:

Apply in the evening to your cleansed and damp face, neck and décolleté and massage it in gently.
Use daily for 7 days as a smoothing beauty treatment
As skincare treatment for a longer period, apply twice a week for 4 weeks.

Tip: Pamper yourself with a gentle facial massage. Just the empty the contents of one ampoule in the palms of your hands and smooth the oil over your face. Place both hands gently on the temples and perform gentle circular movements without pressure. Repeat this gentle swipe a few times. The massage stimulates circulation and helps you relax.
