Product description:

Balance and Hydrate Dry/Combination Skin

Weleda Iris Hydrating Facial Lotion is an all-natural, rapidly absorbed facial moisturizer that helps regulate skin's natural moisture levels and keep it healthy and balanced all day long.

Iris root extract boasts the unique ability to balance moisture levels in the skin, as jojoba oil moisturizes and keeps skin soft and supple without clogging pores. Witch hazel and calendula extracts provide anti-inflammatory and skin-soothing properties.

With perfect moisture balance, skin feels smooth and looks fresh and radiant morning til night.

Tips from Gabi Köberl:

Apply to face, neck and décolleté morning and night after cleansing and toning. Massage gently into skin. For drier skin types, use the more deeply protective Iris Hydrating Day Cream. Like all Weleda facials lotions and

creams, Iris Hydrating Facial Lotion is ideal for use under makeup.
