### Product description:

Mild care for particularly sensitive skin types

A particularly mild formula, created using just a few, carefully selected ingredients, to calm irritation-prone skin and gently care for the skin.

Soothing Almond Sensitive Skin Body Lotion enfolds your skin like a gentle embrace.

Just as the almond wraps its kernel in a protective shell, the Almond Sensitive Skin Body Lotion gently protects sensitive skin. The lotion with organic almond oil strengthens the skin's own protective function and therefore defends against exposure to the elements. At the same time it provides long lasting moisture, thereby reducing feelings of skin tightness. Almond Sensitive Skin Body Lotion absorbs quickly, calms skin prone to irritation and helps to reduce redness. It restores the skin's natural balance, for skin that feels silky soft.

Benefits: pH-skin balanced. Skin tolerance and efficacy clinically tested and dermatologically confirmed. Free of synthetic preservatives, fragrances, colourants, and raw materials derived from mineral oils.

## **Tips from Gabi Köberl:**

Turn the bottle upside down and shake before first use. Apply after bath or shower. Especially good used together with Weleda Almond Sensitive Skin Body Wash and Almond Sensitive Skin Hand Cream.
