

Herbal toothpaste hpc

Manufacturer: Apeiron

Order ID: A7500

Price: 5.95 €

Product description:

homoeopathically compatible – with 24 ayurvedic herbal extracts

Teeth perfectly cared for – long-lasting freshness.

By omission of ingredients such as mint oils, eucalyptus & menthol this toothpaste is also suitable for use during homoeopathic treatments. Healthy and beautiful teeth are a valuable asset that has to be protected and maintained daily. Auromère®Herbal Toothpaste combines precious herbal- & plant extracts to a distinctive care for mouth and teeth. Gentle abrasives made from natural minerals gently remove bacterial plaque, even from sensitive teeth, thus preventing cavities, periodontitis and the formation of tartar. Extracts from neem - and tooth brush trees, clove and liquorice support the natural oral flora. Jujube, yellowwood, acacia, elephant apple and barleria strengthen and calm sensitive, irritation-prone gums.

Ceylon cinnamon as well as thyme and aniseed oils refresh your breath and give the toothpaste its pleasant taste.
