

Foot Balm

Manufacturer: Weleda

Order ID: W9916

Price: 7.95 €

Product description:

To refresh tired and aching feet

This balm refreshes tired feet and helps to keep the skin feeling comfortable, firm and velvety smooth. Its an easily absorbed balm that cools and softens even the toughest feet.

The fine composition of astringent myrrh extract and soothing calendula extract care for the skin on the bottom of the feet and softens rough callouses.

Kaolin maintains a dry and comfortable environment for the feet while organic olive oil keeps the skin feeling smooth. Aromatic essential oils of lavender, rosemary and sweet orange help deodorise and refresh the skin.

Ideal after a revitalising foot bath. Dermatologically tested.

Weleda Foot Balm is a non-greasy cream which instantly cools and moisturises and helps nourish dry feet to keep skin supple and soft.

Suitable for vegetarians.

Ingredients:

Water (Aqua), Alcohol, Olea Europaea (Olive) Fruit Oil, Lanolin, Magnesium Aluminium Silicate, Fragrance (Parfum)*, Commiphora Myrrha Resin Extract, Hydrolysed Beeswax, Sodium Beeswax, Calendula Officinalis Extract, Limonene*, Linalool*, Citronellol*, Geraniol*, Citral*, Coumarin*.

* from natural essential oils.

Tips from Gabi Köberl:

This pure formulation also strengthens the skin to protect against blisters. Weleda Foot Balm counteracts excessive perspiration, even more so if used after a Rosemary Bath Milk foot bath. Massage lightly into still moist skin.

Can be used any time during the day if required.
