

Vitalising Rose Fluid

Manufacturer: Apeiron

Order ID: A9120

Price: 12.95 €

Product description:

Pampering & protective moisturiser for face, neck & décolleté

The refreshing, soft fluid has a pleasantly light consistency that is immediately absorbed by the skin without leaving a greasy film. It envelops the skin with a sensual scent and gentle, natural care. It also nourishes, strengthens and calms the sensitive areas of skin on your neck and décolleté which are more prone to wrinkles and loss of firmness than other areas of your body and are less protected against environmental stress.

Precious rose blossom hydrosol, almond oil and shea butter provide intensive care, protect the skin from dehydration and reduce signs of premature skin aging. The toning formula vitalises, clarifies and replenishes dry, sensitive or maturing skin. It promotes renewed elasticity and suppleness – for wonderfully scented, radiant, soft skin with a fine, silky appearance.
