Product description:

Protection & regenerating care for mature, dry & demanding skin

The Royale Essence Regenerating 24h Cream by CMD is suitable for protecting and regenerating demanding and dry skin types. It contains a blend of the most sort-after plant oils, shea butter as well as pomegranate extracts from controlled organic farming to promote regeneration, helping to restore and soothe the skin at the same time. The formulation is rich in essential fatty acids that nourish the skin and promotes regeneration. The cream also contains a hyaluronic acid complex that rehydrates the skin, promoting elasticity and stimulating its tone.
