Product description:

Give your hair new shine with Regulatpro® Hair - Plus to give your hair new shine and body!

The vegan capsules are used to maintain and rebuild the natural beauty and health of the hair from the inside out. Regulatpro® Hair Plus contains a natural plant powder from cascade-fermented fruits, nuts and vegetables from organic cultivation, which contains a rich variety of plant enzymes and thus represents the perfect active basis for optimal utilisation of the numerous beauty nutrients. The vitamins and minerals contained provide an intelligent nutrient supply for the hair roots, the natural beauty multi-talent bamboo extract strengthens the hair as well as the scalp and the sulphur-containing amino acids L-cysteine and L-methionine support the hair structure. Beta-carotene ensures strong and supple hair thanks to its high vitamin A content. Vitamin E helps the body to build and maintain skin cells and generally has a positive influence on hair growth. Vitamin B3 strengthens the hair and prevents inflammation of the scalp. Vitamin B5 is important for optimal metabolic processes in the hair root and regulates sebum production. Selenium protects against oxidative stress and thus contributes positively to the maintenance of healthy hair. Folic acid, copper, zinc, biotin, vitamins B1, B6, B12 and D3 perfectly round off the scientifically ideally coordinated formula!
