Price: 3.95 €

### Product description:

The bath salt is obtained from one of the purest places of the Dead Sea, the Safi Valley. A pure, natural salt, without additives. It contains all the important minerals in their natural composition, as they exist in the Dead Sea.

The special freshening and purifying properties of salt from the dead sea are ideal for baths or foot baths. The regenerating relaxing baths are best suited for people with allergies and for all other skin types.

The pores are opened by the minerals contained in the salt and gives an improvement to the skin texture.

A bath with this salt is slightly alkaline with a pH of 7.4.
