

Crackle Bath Crystals Best friend

Manufacturer: Lüttes Welt

Order ID: LW11713

Price: 2.49 €

Product description:

On to the crackling party!

If the little mudflap suddenly plays no more drama in front of the tub, but bounces freely and joyfully into the warm water ... then it could lie with the crab Karl, family fin and the funny starfish.

The BEST FRIENDS have set out to find the fabled crackling shrub, which gives away so wonderfully sparkling jewels. As soon as the magical stones touch the water, they color it slightly green, exude a fine scent, and hiss quietly to itself.

Best of the BEST FRIENDS? Only absolutely natural ingredients touch the delicate children's skin, including fine sea salt, silicic acid, vegetable-colored sugar crystals, nourishing macadamia nut oil and refatting cocoa butter.

Ingredients:

MARIS SAL, SUCROSE, GLUCOSE, CARBON DIOXIDE, THEOBROMA CACAO SEED BUTTER, MACADAMIA TERNIFOLIA SEED OIL, PARFUM, TOCOPHEROL, SILICA, MALTODEXTRIN, LINALOOL, LIMONENE, CI 75100 (GARDENIA JASMINOIDES FRUIT EXTRACT), CI 75810

Tips from Gabi Köberl:

Fill the bathtub with age-adjusted temperature-controlled water and open the foil at the tear-in notch. As soon as you put the bath crystals in the water, the crackling party begins. The delicately scented water will be delicate green.

After bathing, rinse the bath with hot water. Possible residues in the tub are due to natural substances and can be easily removed with a conventional bath cleaner.
