

Intimate shaving cream No.24

Manufacturer: Bioturm

Order ID: BT609

Price: 9.95 €

Product description:

Mild shaving cream for thorough wet shaving of the bikini area!

This mild shaving cream is perfectly adapted to the pH value of the intimate area due to the high content of lactic acid contained in the lacto-intensive active complex. It is therefore ideal for a thorough wet shave of the bikini area. The skin-like components of the lacto-intensive active complex care for and regenerate the skin. Precious organic oils and organic extracts from marigold and camomile already soothe the skin while shaving and prevent from irritations and razor burn. The creamy texture allows the razor to glide smoothly.

Shaving of delicate skin of the bikini area (external genital area).
