Product description:

Mild care for dry scalp.

If sebum production of the scalp is affected, this often leads to dry scalp. The consequences are itchiness, flaky parts or small dry dandruff. This special skin problem might also occur as a secondary symptom for example in the case of neurodermatitis and psoriasis.

The composition of the special lacto-intensive active complex helps to regenerate and calm the scalp so that itchiness is reduced. Vegetable moisturizing agents take care of the scalp and provide lipids. Mild washing active substances gently clean the hair and give volume without drying out the skin.

Tips from Gabi Köberl:

For ideal additional care of dry scalp we recommend the Serum for dry scalp No.5 after hair washing. The combination of the Shampoo No.15 and the Serum for dry scalp No.5 additionally calms the scalp after dyeing the hair!

Can be used daily. Apply to wet hair, massage in lightly and rinse thoroughly. In case of shoulder-length hair we additionally recommend BIOTURM Lotus effect hair conditioner No.18.
