With organic pomegranate and organic sea buckthorn

The ECO Baby & Kids Bubble Bath gently cleanses with plant-based surfactants made from renewable raw materials. Organic pomegranate extract and organic sea buckthorn leaf extract reduce dryness caused by moisture loss after the bath thanks to their caring properties. Plant betaine and plant glycerine also bind moisture. The gentle foam ensures a lot of fun in the tub, so that even those who don't like bathing can get clean with pleasure! Bathing fun for young and old, even with dry and sensitive skin. A natural fragrance composition gives a pleasant, mild scent. Without alcohol, gentle on the eyes.
