Product description:

With a smoothing hyaluronic acid complex!

This eye roll-on provides an effective hyaluronic acid complex, which boosts the skin from the inside and smooths it from the outside.

Through its massage roll-on ball, it provides an immediate cooling effect and a bright, refreshing look. The lightweight, fast-absorbing formula helps to reduce the first signs of skin aging. The active ingredients, such as aloe vera and hyaluronic acid, moisturise the sensitive area around the eye, while organic argan oil, organic sea buckthorn oil and silica gel smooth the skin and act as cell protection. For perfectly groomed skin.
