Product description:

The stylish and simple nebulizer delights all the senses: a haven of peace for the eye, a caress for the hand with a silky-smooth feel and, of course, its fragrant heart, the diffusion of essential oils. Made with a beech-wood base made and a gray ceramic hood with a silky finish, the nebulizer combines essential oils with water using a special ultrasonic technology and distributes the aroma in the air. The components of the essential oils can work optimally without being heated. The aroma nebulizer is very easy to use and clean. Tank volume 100ml. Measures: 85 x 85 x 190mm. Wood base made of FSC beech wood.

Tips from Gabi Köberl:

1. Insert the adaptor's connector into the DC jack input at the back of the base of the diffuser.
2. Place the diffuser on a flat and stable surface and away from the edge.
3. Remove the diffuser's outer and inner cover.
4. Pour mineral water (bottled or tap water) into the water tank up to the maximum level indicated (150 ml).
5. Add a few drops of essential oils (1-5 drops) to the water tank.
6. Replace the inner cover and the outer cover on the diffuser.
7. Plug the adaptor into the appropriate outlet.
