

Safe to Flush Moist Toilet Tissues

Manufacturer: Natracare

Order ID: N55139

Price: 2.79 €

Product description:

100% plastic free wipes, certified safe to flush

Cleansing with a gently refreshing formula of organic witch hazel and aloe vera.

Natracare natural flushable wipes cleanse and refresh delicate skin. Made of 100% paper and an organic and natural formula. Each wipe contains soothing aloe vera and anti-bacterial witch hazel to help you feel extra clean.

What's more, they are certified flushable! Natracare flushable wipes were vigorously tested by Water UK. They are guaranteed to break down safely after flushing and will not harm marine life.

Many wipes contain viscose and secret plastics and are falsely marketed as flushable! There are over 366,000 sewer blockages in the UK every year, and over 80% of them are avoidable. We don't have to harm our planet using single-use plastic wipes.

We should only flush our 3 Ps – paper, pee and poo. Our wipes are made from only ecologically certified paper – no plastic in sight.

We've worked closely with Water UK to meet water industry standards for the first truly flushable wipe. Look for the fine to flush logo to know what you can safely flush.

Free from parabens, Sodium Lauryl Sulfate (SLS), methylisothiazolinone (MIT), alcohol, and other synthetic fragrances or preservatives of concern.

Ingredients:

100% totally chlorine free paper

Aqua, Sodium chloride, Glycerin*, Levulinic acid, Potassium sorbate, Olus oil, Lauryl glucoside, Polyglyceryl-2-dipolyhydroxystearate, Sodium levulinate, Aloe barbadensis leaf water* (Aloe Vera), Sodium phytate, Dicaprylyl carbonate, Glyceryl oleate, Calendula officinalis flower extract* (Marigold), Citrus sinensis peel oil expressed* (Sweet Orange), Citric acid, Sodium benzoate, Hamamelis virginiana leaf extract* (Witch Hazel), Limonene**
