Product description:

Natural and absorbent for low to medium flow.

Natracare traditional style maxi pads have a new and improved design! Made from natural materials our maxi pads help you feel comfortably protected.

Regular maxi pads come individually wrapped so they're easy to carry around when you're out and about. The regular absorbency pads without wings are suitable for a lighter menstrual flow or towards the end of your period.

Gynaecologist recommended and suitable for sensitive skin or those with allergies. Natracare helps reduce your exposure to synthetic materials and ingredients, including plastic, perfume and dyes often found in conventional period products.

Ingredients:

Certified organic cotton, ecologically certified cellulose pulp, plant starch, non-toxic glue

Tips from Gabi Köberl:

Normale Maxi-Binden sind für mittlere bis schwere Blutungen geeignet.
