Product description:

Super plus absorbency for heavy menstrual flow.

Natural slim fitting pads without wings to help you manage your period. Ultra absorbent and thin pads with an absorbency suitable for heavy periods and menstrual flow at the beginning of your cycle.

Ultra super plus pads come individually wrapped so are easily carried around when you are out and about. Natracare pads are entirely plastic free and home compostable so can biodegrade naturally back into the Earth after use.

Gynaecologist recommended and suitable for sensitive skin or those with allergies. Natracare helps reduce your exposure to synthetic materials and ingredients, including plastic, perfume and dyes often found in conventional period products.

Ingredients:

Pad: Certified organic cotton, ecologically-certified cellulose pulp, corn starch, non-toxic glue.

Wrapper: Compostable cellulose, compostable starch film.
