Tips from Gabi Köberl:

With the moisturizing khadi shikakai shampoo you can also wash your hair daily.

Give a quantity of shampoo corresponding to your hair length into your hand. Lightly froth with warm water, distribute evenly and gently massage into your scalp. If you have very thick hair, you may need a larger amount.

If you want the strongest possible effect and strengthening, let the Shikakai Moisturizing Shampoo work on the scalp for five to ten minutes before you wash it out with clear water.
