

Wonder Hair Tonic

Manufacturer: Khadi
Order ID: Kh26872
Price: 15.90 €

Product description:

Simply wonderful - the khadi Wonder Hair Tonic with the powerful essences of ayurvedic herbs & plants gives you natural elasticity, lively volume and radiant shine! Gentle care without alcohol.

The magical combination of valuable Ayurvedic medicinal herbs gives the Wonder Hair Tonic its extraordinary range of effects: as a boost of freshness, it stimulates the scalp, promotes blood circulation and thus counteracts hair loss. Dry or itchy scalp is harmonized and soothed. Gently massage in the vitalizing hair tonic, as it strengthens the hair roots and stimulates hair growth. Enjoy your healthy, balanced scalp, as it is the basis for beautiful, powerful hair.

Fresh herbs such as thyme and rosemary gently regulate sebum production, keeping hair and scalp fresh and airy for longer. The power ingredients Aloe Vera and Amla in your Wonder Hair Tonic provide rich moisture, strengthen your hair and give it natural fullness and healthy shine.

The unique texture ensures that the valuable ingredients of Wonder Hair Tonics gently nourish and protect your hair. Feel how well nourished and powerful your hair now feels!

The special plus of your khadi Wonder Hair Tonics: the fresh scented, Ayurvedic medicinal herbs also have a natural, gently firming effect - for shape, bounce & elasticity. So you don't need any further styling to support your hair in its natural beauty.

Ingredients:

*component of natural essential oils

Tips from Gabi Köberl:

Use the Hair Tonic after washing in towel-dry hair or simply in between washes to refresh your hairstyle. Spray on as needed and style as usual. Your hair will love it!

Wash your hair with a khadi shampoo of your choice. Then spray the Wonder Hair Tonic in any amount onto the crown, temples and hairline. Gently massage in the herbal-scented tonic, your scalp will enjoy the freshness and moisture kick! Now spray the Wonder Hair sparingly in lengths and tips.

Feel how your hair absorbs the nourishing herbal extracts. Now style your hair as usual: shape it into the desired shape with your hands or use the hairdryer. Enjoy the fresh fragrance, the powerful volume and the naturally firm shape.

Extra Tip: For a quick refreshing of the hairstyle in between, spray the Hair Tonic sparingly into the dry, thoroughly brushed hair, bring the hair into shape - and voilà - like freshly washed!
