

Hair Colour Dark Brown

Manufacturer: Khadi
Order ID: Kh25501
Price: 11.90 €

Product description:

Feel the power of nature! khadi Natural Hair Color Dark Brown colors your hair in a rich and glossy brown tone. The result will vary depending on your initial color. With light hair you get a shiny middle or dark brown, with dark hair a strong dark to black brown.

khadi Dark Brown is awarded "very good" by ÖkoTest, an independent quality label. The natural hair color is 100% natural, vegetable and vegan. Valuable ingredients such as Indigo, Henna, Amla and Bhringaraj provide a rich, dark color. And cover your gray hair. The special feature of the plant hair color khadi dark brown: it contains the highest Indigo content of all brown tints for an intensive color result.

Like a color glaze, the plant pigments of the khadi hair color lay around each individual strand. You feel and see that your hair is stronger and healthy. For a naturally beautiful, well-kept result.

Ingredients:

Indigofera Tinctoria (Indigo) - Lawsonia Inermis (Henna) - Emblica Officinalis (Amla) - Eclipta Alba (Bhringaraj) - Azadirachta Indica (Neem)

Tips from Gabi Köberl:

First clean your hair with a silicone-free shampoo like khadi Rose Shampoo. If you have a light hair color, we recommend to use first khadi Pure Henna or Light Brown for pre-pigmentation. So you spread your hair optimally on khadi Natural Hair Color dark brown.

Stir khadi dark brown with 50 degree hot water until you have a smooth paste. These are distributed evenly in your hair with a brush: strands for strands - up to the tips. If you only want to paint your neck, spare lengths and tips.

Leave the natural hair color between 30 and 120 minutes in your hair. The longer it is applied, the darker the color results. To refresh the color, you only need 15 to 30 minutes. Then rinse with clear water - done.

Do not use shampoo for 24 to 48 hours, because the color depth does not develop during this time. Then use a khadi hair oil to fix the color pigments. Let it act for 20 minutes and wash it with a natural shampoo. So you will keep your dark brown much longer.

Note: Each hair is different - as we are all different. Therefore the results can be different for natural hair color. Best you test khadi dark brown only on a trial strand.
