

Hair Colour Henna (Senna/Cassia)

Manufacturer: Khadi
Order ID: Kh12451
Price: 11.90 €

Product description:

Cassia Obovata (Senna or natural Henna) is nature's most perfect hair conditioner. It will make your hair strong and give bounce to your hair. A single application will show you the remarkable difference with you hair getting back that shine and vigour.

If you have bleached your hair repeatedly with chemicals dyes this is the herb for you especially if you have blonde hair. Use Cassia Obovata at least twice a month to restore health and give back your hair the luster and shine lost due to repeated use of chemical hair colours.

Cassia Obovata has a pale yellow golden dye. If you have blonde hair or very light hair or gray, repeated use Cassia Obovata will give you golden blonde hair.

Cassia Obovata has been used for centuries to cure infections and fungal growth so it is the best treatment that you can give your scalp at the same time.

This product has been certified by BDIH.

Ingredients:

Cassia Obovata Leaves

Tips from Gabi Köberl:

Use khadi Senna / Cassia either as natural hair treatment or - if you want to get the color brilliance of your khadi plant hair color - occasionally as a regenerating treatment. If you have damaged or blond hair, use Senna / Cassia once or twice before coloring with khadi natural hair color. So you are optimally preparing your hair structure, so that your hair will evenly take on the natural hair color.

Stir the khadi Senna / Cassia powder with 50 to 90 degrees of hot water until you have a smooth paste. You can also use Khadi hair oil first. Apply the natural hair care directly on your hair with the oil. Use a brush to spread the paste evenly in your hair: from the hairline to the tips.

White, light or blond hair will remain shiny and strong after 15-20 minutes exposure time. Darker hair types can also use it for up to 60 minutes. Rinse khadi Senna / Cassia with clear water until you see no more powder residues. Your hair shines and feels supple - naturally beautiful and healthy.
