They strengthen and care for your hair while dyeing it. You can feel and see that: Your hair feels full and strong. It shines healthy and radiates in naturally beautiful copper. For intensive color nuances, great volume and healthy shine in one step!

Ingredients:

Lawsonia Inermis Leaf Powder, Cassia Italica Leaf Powder, Indigofera Tinctoria Leaf Powder, Juglans Nigra Shell Powder, Curcuma Longa Rhizome Powder, Jatropha Curcas Leaf Powder, Emblica Officinalis Fruit Powder, Bacopa Monnieri Leaf Powder

Tips from Gabi Köberl:

Clean your hair with a silicone-free shampoo like Khadi Amla Shampoo. The herbal hair color khadi Pure Indigo can be applied in the case of dark blue to black initial colors. You have brighter hair? Then please do a pre-

pigmentation with Khadi Pure Henna. The same applies to gray highlighted, streaked or heavily strained hair.

Stir the powder with 50 ° C water until you have a smooth paste. Add a teaspoon of base salt to make khadi Pure Indigo work faster and more intensively. Distribute the natural hair color evenly in your hair. Put it on with the brush - strand by strand - up to the tips. If you only want to color your roots, spare lengths and tips. Please pre-treat a light hairline with khadi Henna.

Leave the natural hair color between 30 and 120 minutes. The longer it is applied, the darker the color results. For color refreshment you need about 20 minutes, for pre-pigmentation about 30 minutes. Then rinse with clear water - done.

Do not use shampoo for 24 to 48 hours, because this time, khadi Pure Indigo needs to unfold its pigments and develop its noble blue shimmer. Before you wash your hair, use Khadi hair oil and leave it for 20 minutes. This keeps your hair color longer.

Note: Each hair is different - the way we are all different. Therefore, the results can vary. Best you test the khadi Natural Hair Color Pure Indigo only on a discreet strand.
