

Balm for callused skin / for corns No.84

Manufacturer: Bioturm
Order ID: BT427
Price: 10.95 €

Product description:

Fast help in case of corns and calluses!

Certified organic cosmetic with urea!

Special treatment in case of corns and uncomfortable calluses. The high percentage of urea softens thickened parts of callused skin and makes the skin feel soft and supple again. The cosmetic spatula included helps to apply the balm cleanly and easily onto affected areas.

Ingredients:

Sodium Lactate, Urea, Lanolin, Salix Alba Bark Extract, Lac*, Lactic Acid, Polyglyceryl-2 Dipolyhydroxystearate, Aqua, Rosmarinus Officinalis Oil*, Salvia Officinalis Leaf Extract, Helianthus Annuus Seed Oil

* from controlled organic cultivation
free of synthetic preservatives, dyes, PEG, paraffin oil

Tips from Gabi Köberl:

Apply the balm on affected areas by using the cosmetic spatula. Not suitable for children under the age of three.

The effect can be intensified by using a plaster (occlusion effect).
