Order ID: 152054

Price: 4.20 €

Product description:

deeply hydrates, protects and soothes

Rose Day Cream is a classic in the Dr. Hauschka Skin Care range, capturing all the diversity of the rose to nourish and protect normal, dry and sensitive skin. Especially beneficial for skin prone to redness, irritation and couperose. The rich, luxurious formulation harmonises oil and moisture content, gently guiding the skin to a state of comfort, balance and radiance.

Formulation: Precious extracts of rose petals and wild rose hips nurture and balance the skin. Shea butter, rose petal wax and avocado oil protect and help retain moisture. Extracts of marshmallow and St. John's wort soothe redness, hydrate and fortify.

Skin Condition: For dry, sensitive, reddened and mature skin.

Tips from Gabi Köberl:

Each morning after cleansing and toning, apply a small amount evenly to the face, neck and décolleté with your fingers. Rose Day Cream is perfect as a primer before applying make-up. In the evening, we recommend using Night Serum, Renewing Night Conditioner or Sensitive Care Conditioner as a non-oily night time skin care product. For mature skin, we also recommend using Dr. Hauschka regenerating care products.

In winter, Rose Day Cream provides excellent protection against the cold; in warmer weather try Rose Day Cream Light.
