Product description:

revives pale, dehydrated skin – formulated with apricot

This moisturising lotion for dry skin stimulates skin's natural oil and moisture production. It gives your skin fresh and vibrant beauty, precisely as a moisturiser should. Discover the revitalising impulses of this emulsion. The silky-smooth texture protects your skin throughout the day and brings out a radiant complexion. This lightweight lotion also absorbs quickly making it an ideal base for make-up.

Revitalising Day Cream is now Revitalising Day Lotion:

Dr. Hauschka Revitalising Day Cream is now called Dr. Hauschka Revitalising Day Lotion. But rest assured, the proven formulation remains unchanged.

Revitalise tired skin and enjoy a radiant complexion with Revitalising Day Lotion. The silky-smooth texture has an active moisturising effect and protects the skin all day long. The formulation of premium botanical extracts and oils stimulates the skin's natural process of oil and moisture production. Valuable medicinal plant extracts of apricot, carrot and St John's wort activate pale, pallid skin for a supple and fresh complexion.

Tips from Gabi Köberl:

Each morning after cleansing and toning, apply evenly to the face, neck and décolleté.

With the lotion, a little goes a long way. It glides on easily making it the ideal base for make-up.

In case blemished combination skin presents this skin condition, it is recommended to mix Revitalising Day Lotion with a few drops of Clarifying Day Oil.
