

After Sun Fluid

Manufacturer: Laboratoires de Biarritz

Order ID: AM84029

Price: 8.90 €

Product description:

The After-Sun Fluid soothes skin and provides the moisture it needs after exposure to the sun: tingling and burning sensations disappear, the skin is relieved and softened.

Thanks to the presence of Alga-Gorria, a powerful antioxidant, the After-Sun Fluid continues to protect the skin from the action of free radicals, even after exposure.

It is important to take care of your skin after exposure to the sun. Indeed, the damaging effect of free radicals on the skin generated by exposure to UVA continues even after we are no longer exposed to the sun.

The organic* After-Sun Fluid is specially formulated with Alga-Gorria, patented extract of Red Seaweed with strong antioxidant power. In this way, the After-Sun's formula nourishes and soothes the skin but also protects against the negative effects of sun exposure like premature skin ageing.

Ingredients:

Aqua, Butyrospermum Parkii Butter*, Glycerin, Octyldodecanol, Caprylic/Capric Triglyceride, Glyceryl Stearate Citrate, Parfum, Aloe Barbadensis Leaf Juice Powder*, Laminaria Ochroleuca Extract, Gelidium Sesquipedale Extract, Bisabolol*, Linoleic Acid, Lysolecithin, Sclerotium Gum, Propanediol, Pullulan, Sodium Benzoate, Xanthan Gum, Citric Acid, Polyglyceryl-4 Caprate, Potassium Sorbate, Sodium Phytate, Biosaccharide Gum-1, Tocopherol, Helianthus Annuus Seed Oil, Glyceryl Caprylate, Sodium Anisate, Sodium Levulinate, Linolenic Acid

*Ingredients from organic farming

Tips from Gabi Köberl:

Apply the After-Sun Fluid on the face and body after exposure.

It can be used year-round as a soothing and moisturizing skincare product.

For even better refreshment, keep the After-Sun Fluid in the refrigerator.
