Price: 11.95 €

Product description:

For flawless hairstyles

Discover the vegan hairspray with organic caffeine and organic bamboo for a look that lasts all day. The spray sets the hairstyle without weighing the hair down or making it sticky, ensuring a natural and shiny finish. The fresh nuances of verbena and citrus subtly envelop the hair, while the light texture retains suppleness. High-quality plant extracts round off the formula and give your styling that certain something.
