Tips from Gabi Köberl:

Pour the whole bag content into the bath and stir. In contrast to pure, film-forming oil baths, the high-quality vegetable oils and the special lacto-intensive active complex of organic whey mix with the entire bathing water to an extraordinary, milky caring bath.

Duration of the bath: 10 to 20 minutes

Water temperature: between 35 °C and 38 °C

Recommended use once or twice per week, preferably in the evening before going to bed.
