Product description:

Mild cleansing of the hair with colloidal oatmeal – also in case of dry scalp!

Sebum production is mostly disturbed in case of neurodermatitis, as a result the scalp is dry. The consequences are itching, scaly parts or dry and small dandruff.

The combination of our special lacto-intensive active complex and colloidal oatmeal helps to regenerate and calm the scalp and thus to interrupt the itch-scratch cycle. Organic oat oil cares for the scalp and provides lipids. Mild surfactants gently clean the hair without drying out the scalp and make the hair easy to comb.
