Product description:

harmonises and protects

Featuring the fine fragrance of roses, the iconic Rose Nurturing Body Cream offers warmth and protection to the skin and senses. Quickly absorbed, this rich, luxurious product supports the skin's natural barrier function for intensive care and protection. Gentle enough for babies' and children's delicate skin.

Formulation: Rose wax, rose essential oil and precious extracts from wild rose hips and rose petals hydrate the skin and protect against dryness. Organic shea butter is combined with almond and jojoba oils for silky, soft skin.
