### Tips from Gabi Köberl:

Apply evenly and massage into your skin. Applying to moist skin after bathing or showering provides the most effective absorption and improves moisture retention.

Transform your bathroom into a day spa! After showering with Rose Nurturing Body Wash or a bath with Rose Nurturing Bath Essence, gently massage Rose Nurturing Body Oil into your still-moist skin. With your body enveloped in the delicate fragrance of finest Roses, pamper your face with Revitalising Mask. Give your fingers and toes a treat too with a manicure and pedicure using Neem Nail & Cuticle Oil to complete your home beauty treatment.
