

Deodorants Orange-Vanilla

Manufacturer: I&M
Order ID: 570116
Price: 9.90 €

Product description:

Irresistibly fresh armpits 24 hours a day.

The Orange-Vanilla Deodorant Cream reliably deodorises underarm skin – particularly effectively, for 24 hours. Once applied, its extra-strong formula ensures long-lasting deodorant protection in organic quality. It even neutralises existing body odour effectively and safely at all times. Its natural juicy orange and fine vanilla fragrance on the skin is a treat for the senses day after day.

Seductive! – Let your arms fly high with the orange-vanilla scent

Its sensual deodorant fragrance enchants the underarms: The velvety deodorant cream combines a pleasantly sweet orange fruit note with the scent of powdery vanilla. Once you start to sweat, your underarm skin longs for the lovely fragrance of orange-vanilla deodorant cream. Because with its fruity-powdery note, it deodorises without interfering with the skin's natural sweat regulation through the use of alcohol, aluminium or alum – for fresh deodorant protection under every arm.

Effective deodorant protection with deodorant cream

Thanks to its natural deodorant formula of coconut, baking soda and zinc, Orange Vanilla Deodorant Cream provides indispensable immediate protection against unpleasant underarm odour for many hours. Anti-irritant zinc oxide soothes the sensitive underarm area – especially enjoyable after shaving. Fair-trade almond and olive oil leave the skin velvety soft. Vitamin E nourishes and smoothes the underarm skin.

Ingredients:

COCOS NUCIFERA OIL* (COCONUT*), ZINC OXIDE, HYDROGENATED RAPESEED OIL (RAPESEED), PRUNUS AMYGDALUS DULCIS OIL* (ALMOND*), OLEA EUROPAEA FRUIT OIL* (OLIVE*), CAPRYLIC / CAPRIC TRIGLYCERIDE, ISOAMYL LAURATE, SODIUM BICARBONATE, ZINC RICINOLEATE, TAPIOCA STARCH*, PARFUM***, POLYHYDROXYSTEARIC ACID, POLYGLYCERYL-3 POLYRINCINOLEATE, TOCOPHEROL (VITAMIN E), GLYCERYL CAPRYLATE, HELIANTHUS ANNUUS SEED OIL* (SUNFLOWER*), CITRAL**, CITRONELLOL**, GERANIOL**, FARNESOL**, LIMONENE**, LINALOOL**

* organic agriculture ** from natural essential oils *** natural fragrance

Tips from Gabi Köberl:

When needed, gently apply a pea-sized amount of deodorant cream to the armpits and enjoy a natural refreshment.

The very special highlight

Vanilla orange deodorant cream also neutralises body odour that has already developed. So if the worst comes to the worst, first aid is always at hand, even when you're on the go.
