Tips from Gabi Köberl:

Application:

In the morning: Cleanse the face using a very gentle cleansing product (daily refresh Cleansing Fluid) and follow with an organic rose blossom hydrosol. Apply 3-4 drops of face oil to slightly damp skin using circular motions and end your morning routine with a your desired day cream - blending 2-3 drops of face oil to the mix.

In the evening: Apply 3-4 drops of pure sensitive Skin-Soothing Face Oil to slightly damp skin and gentle massage using circular motions. If needed, complete your nightly routine with a very light night cream. We suggest using the intense moisture Light Moisturizing Fluid.

Tips:

- Relaxing facial mask: add 3-4 drops of pure sensitive Skin-Soothing Face Oil and blend with pure sensitive Soothing & Moisturizing Cream. Apply a thick layer to the skin and let the mixture absorb for about 20 minutes. Remove the cream residue with a damp and warm facecloth.
- Face oils are better absorbed when the skin is slightly damp.
