### Tips from Gabi Köberl:

In the morning: Apply 3-4 drops of oil to slightly damp and cleansed skin using circular motions. Follow with a light day cream - or blend your day cream with 2-3 drops of the oil.

In the evening: Apply a cleanser and remove using a warm facecloth. Follow with a tonic or organic hydrolate and 3-4 drops of Purifying Face Oil. Start at the center of the face, and using circular motions, massage the oil outward. Concentrate on the temples, moving down toward the neck. Forego the use of a night cream if possible, as skin is able to better regenerate.

Tip: Free your skin from dead skin cell buildup with the daily refresh Gentle Scrub. Subsequently, follow with the in balance Purifying Face Oil.
