Product description:

The advantage of Spanish sage, also known as lavender sage (*salvia lavandulifolia*) over garden sage (*salvia officinalis*) is the lower content of ketones. That's why we bring you this product as a gentler alternative. The scent is fresh, herbaceous, and reminiscent of camphor. With strengthening, invigorating and concentration-enhancing properties, it is ideal for the relief of stress and exhaustion as well as a preventative of winter ailments. The phlegm-loosening effect of this oil also makes it highly sought after. Not for use during pregnancy, by epileptics, nor children below the age of 6.

Ingredients:

Salvia lavandulifolia
