### Product description:

gently relaxed

A rare treasure and a speciality of Farfalla. Wild lavender, which grows between 900 and 1600 metres, is a small and insignificant plant compared to the cultivated variety, but yields the finest quality of lavender essential oil. The intense sun and hardy growing conditions give this essential oil its enormous potency and sweet-spicy aroma. The harvest is extremely arduous: our organic farmers cover large distances in trackless mountain terrain.

### Ingredients:

Lavand. angustifolia ssp. angust.
