

Skin Food Nourishing Day Cream

Manufacturer: Weleda
Order ID: W6610
Price: 16.95 €

Product description:

Nourishes, protects and repairs your skin

Specially selected plant extracts obtained from marigold, chamomile, and pansy are paired with plant-based squalane derived from olive leaves to ensure an optimal supply of nutrients. With shea butter as a base, the fast-absorbing cream immediately provides the skin with sufficient moisture and restores the skin's protective barrier. Your complexion will thank you with silky softness and naturally beautiful radiance.

It can be used as a protective cream in harsh weather and is excellent for anyone regularly out of doors.

Suitable for vegetarians.

Tips from Gabi Köberl:

A little goes a long way, so apply sparingly. This very rich cream is best applied to the face by gently patting on, so as to avoid dragging the skin.
