Product description:

Something wonderful is about to happen to me

This stunning metallic pearl pink shade is an amazing colour for every situation. It is perfect for both an office environment and a night out.

We named this nail polish ›Receive‹ and it can also be found in the set ›Manifesting Dreams‹ which is all about trusting the universe to bring all the things you desire into your existence.

When you want something, always be ready to receive it. This might sound funny but imagine working on your goal or dreams or imagine wanting something so bad and then the day comes when you feel it coming to you. This often scares us and we start to feel doubt and fear: ›it's too big‹, ›I don't deserve it‹, ›I can't deal with it‹, etc. You have to be ready to receive what you desire and believe that you deserve it. When you get that job you always wanted or you finally get your drivers license go out and be confident in your new job and go out and drive for hours on one go because you deserve it! Also, to manifest the things you desire quicker, imagine and visualize you receiving your desires now and feel what you would feel when you have received them. It's amazing how things fall into place if you feel like you already have it.

With ›Receive‹ we want you to feel confident and deserving of all the great things the universe has in store for you! Welcome the gifts and the successes and feel good about them because you deserve all the happiness and abundance this world has to offer!

Tips from Gabi Köberl:

For best results, we recommend to first apply our vegan base coat, then 2-3 coats of nail polish and finish off with our vegan top coat. 1-2 days a week it is good to give your nails a little break and some fresh air. Once your nail polish is empty, remember to recycle it. Learn how to recycle it [here](#).
