Product description:

It always seems impossible until its done

Hustle is a beautiful berry red colour which will definitely brighten up your day!

We named this nail colour ›Hustle‹ and it can also be found in the set ›Persistence is Key‹ which is all about working hard on your goals and dreams and never giving up. In summer, when we tend to have more free time or simply more energy, it's the perfect opportunity to work on those big ambitions we have.

Whatever it is that you are working towards, remember to keep going! If you are starting a business, a blog or YouTube channel, you are aiming to win a gold medal, etc. – whatever it is – keep hustling. One of the number one reasons most people fail when reaching for their dreams or ambitious goals is that they give up too early i.e. when it gets difficult. Remember, when it gets difficult, that is one of the defining moments of your success and, if ever, that is when you must hustle your way through! With a little patience and with your hard work you will see success in no time.

The name ›Hustle‹ is not there to tell you to drop everything else and to just work. It is there to tell you that if you want something, you got to work for it and sometimes more than on other times. Dream big, work hard and make it happen!

Tips from Gabi Köberl:

For best results, we recommend to first apply our vegan base coat, then 2-3 coats of nail polish and finish off with our vegan top coat. 1-2 days a week it is good to give your nails a little break and some fresh air. Once your nail polish is empty, remember to recycle it. Learn how to recycle it [here](#).
