Product description:

Your Affirmation: I am Successful

How many amazing successes have you had in your life whether they be in academics, your career, sports or whatever else you think of? I guarantee you have plenty if you just allow yourself to see them. Many of us are often so focused on the failures we have made and we let them take away the best of us. We become insecure, scared and stagnant. The fact is that in life you will experience failure, it's just a part of it but what you can't let happen is make them forget all the successes you have had and reach for more amazing things! You fail but you also succeed, and you should never stop reaching for your dreams just because of a couple of failures but in fact you should be motivated to work hard towards your goals because you know you are also successful!

Depending on what you are working towards, what your dreams and goals are, success can take time and it can take a few bumps along the road. But success is already there. You simply need to keep going to reach it and feel it! Never give up and know that because all the things you have already achieved and you being where you are, you are already successful! Repeat it until you believe and watch as many more successes come to you: >I am successful!<

Tips from Gabi Köberl:

For best results, we recommend to first apply our vegan base coat, then 2-3 coats of nail polish and finish off with our vegan top coat. 1-2 days a week it is good to give your nails a little break and some fresh air. Once your nail polish is empty, remember to recycle it. Learn how to recycle it [here](#).
